

Can we take part?

If your loved one is interested in taking part in CREAD, they will be assessed to ensure that the study is right for them.

They may be able to take part if they:

- Are between 50 and 85 years old
- Have mild Alzheimer's disease, or memory or thought processing problems that may be the early symptoms of Alzheimer's
- Have a friend or relative who they see frequently who will be their Study Partner and can:
 - Provide accurate information about how they are coping
 - Attend clinic visits with them when required
 - Be available to answer questions about them in terms of their symptoms

Does this sound like you and your loved one?
